TROOPS AND WORKMEN FOUGHT OVER DEAD

Gruesome Encounter in Dark--Bodies Buried Without Coffins.

FOUGHT OVER CORPSES.

St. Petersburg, Jan. 27.—A report has reached here of a gruesome encounter between workmen and troops last night. According to reports a military escort was conveying forty-five corpses, the victims of Sunday's trouble, to Obokoff, eight miles from St. Petersburg, for burial, when it was attacked by a large number of workmen. The workmen attempted to seize the coffins and bury the victims themselves, and in the fight which ensued the coffins were broken open and the corpses rolled out. The troops finally repelled the assailants and buried the bodies without coffins.

Backbone of Strike Broken.

St. Petersburg, Jan. 27.—Although strikes in Reval, Libau, Kieff, Odessa and a few smaller places are extending, the situation is nowhere acute. An increasing number of workmen are out in Moscow, but there is no general tie-up or disorder there. The whereabouts of Father Gapon still remains a mystery, although it is believed the priest is in Moscow.

The Russian capital presents almost a normal appearance, and the authorities are confident the backbone of the strike has been broken. Some factories and mills already have resumed and a general resumption of operations is expected Monday. The authorities expect the failure of the strikers here will have a discouraging effect upon workmen in other cities, and believe there is no longer danger of a complete suspension of all industrial concerns of Russia.

Minister of the Interior Mirsky has promised a delegation of editors who called upon him that he will investigate the arrest of a number of prominent writers who are now confined in St. Peter and St. Paul fortress and secure their release as soon as possible.

No Polish Uprising.

Vienna, Jan. 27.—Dispatches from Warsaw say the situation there is quiet and that no Polish uprising is imminent. Newspapers there only publish the official reports of the events in Russia, but the wildest rumors are current regarding the situation in that country.

Threw Paving Stones.

Brest, France, Jan. 27.—In course of a strike manifestation here on the part of dock laborers, paving stones were thrown at the Russian vice consulate, causing some damage.

Troops Are Obstinate.

London, Jan. 27.—The Telegraph's St. Petersburg correspondent asserts that Kuropatkin has telegraphed the emperor that his offensive power is seriously hampered by obstinate reluctance of his troops from European provinces to advance against the enemy. While Cossacks and Siberians are full of dash Europeans argue that now that Port Arthur has surrendered there is no object in continuing the war.

Many Die in Hospitals.

St. Petersburg, Jan. 27.—It was learned today that nearly half of those wounded in Sunday's massacre have since died at the hospitals. The total number of dead exceeds seven hundred. Workmen of the more intelligent kind remain resolute and are determined to continue the fight for additional liberty.

Situation at Moscow.

Moscow, Jan. 27.—The strike situation here is more menacing this morning. Employes of nineteen more factories went out. The men demand shorter hours, increased wages, and other concessions.

One Striker Killed.

St. Petersburg, Jan. 27.—The official messenger today asserts that the strikers in the city returned to work in large numbers during the day and order prevailed in nearly all parts of the empire. A dispatch from Helsingfors, Finland reports that disorders occurred there during the night in a collision between the paraders and police, and one striker was killed and many wounded.

Strike Spreads to Benner.

Libau, Jan. 27.—The strike spread to the Benner workmen and there were some disorderly scenes in the streets. The harbor

where the third Baltic squadron is being fitted out remains quiet.

Rendered This Afternoon in Favor of a Man Who Was Scalded.

C. D. Marshall, who fell into a vat of boiling water at the plant of the Mergenthaler-Horton Basket Co., was given a verdict for \$1500 damages this afternoon in circuit court. He sued for \$5,000. He alleges that the accident was due to the carelessness of the defendant in not properly protecting the workmen from the vat. Attorneys Ross and Allensworth conducted the case for the plaintiff.

At press time the case of Sam Stone against J. M. Meloan was on trial.

It is alleged that Meloan, while editor of the News-Democrat, printed a libelous article about Stone.

MARRIED A CHILD.

Findlay, O., Jan. 27.—A sensational suit for alimony has been filed in the common pleas court by Nettie R. Lentz, a minor, against George C. Lentz and Lewis Runkle. The plaintiff alleges that she is 14 years of age, and that she was but 13 when she was married, and shortly afterwards became a mother.

Lexington, Ky., Jan. 27.—In the trial of Bill Britton, charged with the murder of James Cockrell at Jackson, Judge Parker instructed the jury this morning and speeches have commenced. C. W. Miller opened for the defense.

SIX LEGISLATORS CHANGE THEIR VOTE

Hunt Bill Passed the House
With 51 Votes.

Explanation Made by Repentant Representatives For Facing About
On the Proposition.

BILL GOES TO SENATE SOON.

Frankfort, Ky., Jan. 27.—A small "stampede" in favor of the Hunt bill, which passed the house yesterday, was the feature of the session of the house today.

Mr. Alverson, of Lincoln, who declined to vote yesterday, led the movement by asking that his vote be recorded for the bill.

He was followed by five other democrats, all of whom explained that their desire was to make the bill legal and expedite the work of the house.

The votes changed gave the Hunt bill 51 votes, which puts the passage of the bill beyond question, so far as the house is concerned.

Mr. Alverson was followed by Messrs. H. K. Bourne, of Henry, Sam C. Black, of Mercer, J. A. Frazier, of Selby, J. T. Pride, of Union, Sam. D. Cochran, of Garrard, and Mr. Scott of Grant county.

The legislature this afternoon adjourned until Monday.

MORE PRIZES.

"The Pines" Wins Additional Ones at Big Poultry Show.

Messrs. Friedman and Keller today received a message from R. E. Jones, manager of their poultry farm that he captured the following additional prizes with their entry of chickens at the annual poultry show being held in Chicago this week.

The \$100 cup for the largest and best display.

The Challenge Cup for the best display.

A class cup for the largest and best display of Wyandottes.

These prizes are in addition to those Mr. Jones won the fore part of the week and certainly stamp the Pines Poultry entries as "winners."

Messrs. Friedman and Keller are receiving the congratulations of their friends today. Winning these events has brought deserved reputation to their farm, The Pines, and will do much to advertise Paducah and McCracken county.

FIGHTING RENEWED IN THE FAR EAST

Most Important Move Since
October Reported.

Artillery is Heard All Day—The
Cold Is Reported Very Intense
in Manchuria.

SOLDIERS ARE DISSATISFIED.

Berlin, Jan. 27.—A dispatch from Mukden states that Kuropatkin's advance and consequent fighting has assumed the proportions of a general engagement. There are heavy losses on both sides and the battle, the dispatch says, is being hotly fought in the center.

RUSSIANS CAPTURE HAMLETS.

St. Petersburg, Jan. 27.—General Kuropatkin, reporting on the resumption of the offensive by the Russians south of Mukden, says that in the right flank, advance two hamlets were occupied and two hundred cattle captured.

Fighting Begins Again.

Kuroki's Headquarters, Jan. 27.—A heavy and continuous artillery roar has been heard to the westward. Apparently the largest engagement since October is being fought. Reports received here are to the effect that Russian force has crossed the Hun river on the Japanese left wing. A Japanese force advanced against the Russians, making an attack.

Fighting must be attended with great suffering from the cold. Temperature is below zero and the plains are covered with several inches of snow. The ground is too hard for rapid trenching. Today's move by the Russians is the first important one since General Mischchenko's recent raid.

SUNDAY SCHOOLS

REV. GEO. O. BACHMAN WILL
ENGAGE IN THE WORK.

Has Not Decided Where He Will Lo-
cate—His Family to Remain
Here Awhile.

Rev. Geo. O. Bachman, who for two years was pastor of the First Cumberland church of this city, will leave next week for Mississippi, where he will labor for sometime as field worker, of the State Sunday School Association.

He has not yet decided where he will locate, and his family will remain here for sometime yet.

Mr. Bachman has a call for special work in Pennsylvania, and New Brunswick, Canada and he may spend the months of March and May in those fields, respectively.

His work will be to supervise the state Sunday school work from an inter-denominational standpoint, and to organize the workers in cities, counties and state, and represent the Sunday school work in the national conventions. He is vice president of the field workers' department of the international convention, and has for many years made the Sunday school work his specialty.

While pastor of the church at this place, he has improved the local school and greatly increased its regular attendance; many helpful conferences and conventions have been held in this city. At all of these he has made addresses and at the request of the president of the county association, Rev. Wm. Bourquin, he will make one at the Broadway M. E. church Sunday.

BIG GAIN.

Premier Tisza Will Be Unable to
Hold On.

Budapest, Hungary, Jan. 27.—Indications are that in yesterday's elections the opposition gained at least thirty seats and that Premier Tisza will not have a majority in the new chamber of deputies sufficiently large to justify his retention of the reins of government.

Cold cash, what a warm-hearted companion thou art!

KENTUCKY WILL GET VERY LITTLE

Rivers and Harbor's Bill Fails
to Provide Much.

\$300,000 for a Nine-foot Survey But
Nothing Is Appropriated for
Improvements.

THE BILL CARRIES \$17,000,000

Washington, Jan. 27.—The house committee yesterday voted on the bill providing for river and harbor work. It carries \$17,091,875 and authorizes expenditures for continuing contracts aggregating \$16,734,657. From the total of cash appropriated is to be deducted \$2,188,942, unexpended balance of appropriation carried in emergency act of last year. Only a few new projects are provided for.

No provision is made in the bill for any improvements of the Kentucky rivers. Some money is now on hand for completing projects under way, but not an additional cent is allowed. The internal waterways of the state will not fare well. Outside of about \$125,000 for the Ohio at Louisville, \$250,000 for the Cumberland river and \$300,000 for the nine foot survey project the bill contains little of benefit to the state.

The Mississippi river gets the following:

Reservoirs at headwaters, \$26,000; between St. Paul and Minneapolis, continuing contracts, \$299,543; between Missouri river and St. Paul, continuing contracts, \$300,000; Cairo to head of the passes, \$1,000,000, and continuing contracts, \$2,000,000; at Moline, Ill., \$100,000, and continuing contracts, \$286,000; South pass, \$50,000.

General emergencies, \$300,000; surveys, \$325,000.

The following are the appropriations that most effect Paducah, outside the Ohio river appropriations:

Obion and Forked Deer rivers, \$2,000; Cumberland river, below Nashville, \$10,000; Cumberland river, above Nashville, including construction of lock and dam No. 21, \$84,000; Tennessee river, above Chattanooga, \$50,000; Tennessee river, Chattanooga to Riverton, \$215,000; Tennessee river, lock at Scott's Point, \$10,000; Tennessee river, below Riverton, \$30,000.

ANOTHER RESPITE

ELI BUGG DID NOT HANG TODAY
AT MOUND CITY.

He Will Now Be Allowed to Enjoy
Life Until the Coming
Month.

Springfield, Ill., Jan. 27.—Upon recommendation of the state board of pardons, Gov. Deneen granted a respite until February 17 to Eli Bugg, sentenced to be hanged at Mound City, Pulaski county, today. The governor decided to extend the time that Bugg may take his case before the supreme court. Bugg was to have been hanged on January 15, and one of Gov. Yates' last official acts was to grant a reprieve to January 27, that Gov. Deneen might have time to consider the case.

The Bugg case has aroused a great deal of interest at Mound City and in the surrounding country. Everything was ready for the hanging today.

FIGHT IN STREETS OF SANTO DOMINGO

500 Marines are Deemed Neces-
sary to Quell Trouble.

The Dixie Sent Out Under Hurry
Orders With Men Enough to
Stop the Trouble.

DETAILS NOT YET RECEIVED.

Colon, Jan. 27.—The United States cruiser Dixie has received hurry orders to proceed to Santo Domingo, and is now coaling. Two hundred marines were brought to Colon from Empire camp and embarked on board the Dixie, which will sail late today by way of Guantanamo.

Fighting in Streets.

New Orleans, Jan. 27.—The Picayune's Panama special says:

Considerable excitement has been created on the isthmus by receipt of orders by the cruiser Dixie to proceed at once to Santo Domingo, where it was reported fighting had broken out in the streets and become so general that the assistance of the 500 marines quartered upon Empire hill are considered absolutely necessary by the United States. Orders were for Col. Wood to proceed at once to Colon with all his force, leaving only a small detachment to guard the quartermaster's stores on the hill.

Dixie Goes to Colon.

Washington, Jan. 27.—Officials of the navy department deny the report cabled to New Orleans last night from Panama, that the Dixie has been ordered to Santo Domingo with five hundred marines to quell an outbreak there. The Dixie, however, has been ordered to the naval station at Guantanamo, Cuba, with two hundred marines and will sail from Colon tomorrow. It is said the government has no confirmation of the report of fighting breaking out in Santo Domingo City.
